LETTER OF RECOMMENDATION FOR SENSE OF TASTE

This letter serves to confirm that Sense of Taste was the in-house canteen provider at Maitland Group's Cape Town office from January 2009 to July 2012.

During this time, Sense of Taste provided meals and confectionary goods throughout the day to the Cape Town staff complement of approximately 300, as well as providing ad hoc catering for staff and client functions.

The service and products provided by Sense of Taste have been very well received by our employees. They have always been very accommodating to our requirements and provided a friendly and welcoming service. Our decision to revise our canteen provider has been made purely on the basis of a company policy to revisit supplier contracts on a three year basis.

I have no hesitation in recommending their services and wish them well for the future.

Please do not hesitate to contact me should you have any further questions.

Yours faithfully

Chantal Cantin
